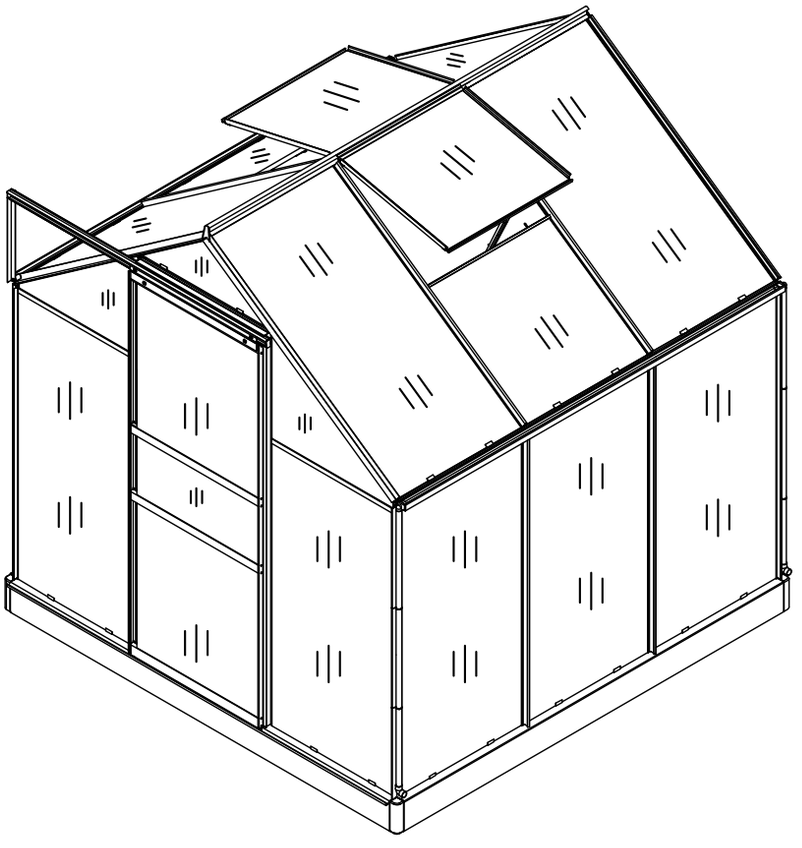
Montageanleitung/Assembly Instruction

Art. Nr.:80280/80281/80142



190x190x195/121cm

Warnhinweis

Befolgen Sie alle Sicherheitsvorkehrungen in dieser Bedienungsanleitung, um eine sichere Nutzung zu gewährleisten. Unsachgemäßer Gebrauch kann zu ernsthaften Verletzungen führen.

Einleitung

Lieber Kunde, herzlichen Glückwunsch zum Kauf dieses Qualitätsprodukts.

Damit Sie an Ihrem neuen Produkt möglichst lange Freude haben, bitten wir Sie, die Betriebsanweisung / Gebrauchsanweisung und alle Sicherheitshinweise vor Ingebrauchnahme sorgfältig durchzulesen.
Bewahren Sie die Gebrauchsanweisung auf, damit Sie sich die Funktionen und den Aufbau des Produkts jederzeit wieder ins Gedächtnis rufen können.
Im Rahmen ständiger Produktweiterentwicklung behalten wir uns vor, technische Änderungen, die der Verbesserung dienen, umzusetzen.
***Abbildungen können daher abweichen**.*

Bitte überlassen Sie das Produkt nur Personen, die diese Gebrauchsanleitung gewissenhaft gelesen haben.
Bitte folgen Sie den Hinweisen zur Pflege und Instandhaltung sorgfältig, um die optimale Lebensdauer des Produkts und die Sicherheit in der Handhabung zu gewährleisten.

Bitte kontaktieren Sie uns, falls Sie Fragen zu dem Produkt haben sollten.

1 Sicherheitshinweise

Bitte beachten Sie zur Vermeidung von Fehlfunktionen, Schäden und gesundheitlichen Beeinträchtigungen die folgenden Sicherheitshinweise:

- *Lagern Sie keine entflammbaren Flüssigkeiten (Benzin, Propan etc.) und verwenden Sie keine offenen Zündquellen (Zigaretten, Grills, Feuerstellen etc.) im Gewächshaus oder in unmittelbarer Nähe.*
- *Hängen Sie keine Gegenstände an das Dach.*
  Das Produkt ist weder für Kinder noch zur Tierhaltung geeignet.
- *Halten Sie kleine Teile und Plastiktüten außerhalb der Reichweite von Kindern.*
- *Es besteht die Gefahr von Verletzungen und Sachbeschädigungen durch nicht*
- *ordnungsgemäß montierte Einzelteile*

2 Bestimmungsgemäße Verwendung

- *Dieses Produkt sollte nur auf festem, ebenem Untergrund verwendet werden.*
- *Verwenden Sie keine Elektrowerkzeuge, um dieses Produkt aufzubauen.*
- *Zur bestimmungsgemäßen Verwendung gehört auch das Einhalten der Anleitung. Jede darüberhinausgehende Verwendung (z.B. Gewaltanwendung) oder eigenmächtige Veränderung (z.B. Umbau) können Gefahren auslösen und gelten als nicht bestimmungsgemäß.*
- *Das Produkt ist ausschließlich für den privaten Gebrauch und nicht für gewerbliche Zwecke zu benutzen.*
- *Verwenden Sie dieses Produkt nicht, wenn Teile fehlen, beschädigt oder abgenutzt sind.*
- *Sollten starker Wind und Unwetter gemeldet sein, empfehlen wir Ihnen, ein* ***Gewächshaus-Sturmanker-Set*** *zu verwenden (nicht im Lieferumfang enthalten). Die*
- *Entfernen Sie umgehend jeglichen Schnee vom Dach.*
- *Verwenden Sie niemals Scheuermittel oder chemische Reinigungsmittel*

3 Lieferumfang

Packen Sie alle Teile und Elemente des Sets aus und platzieren Sie die Komponenten auf der Oberseite des Kartons oder einer anderen sauberen Oberfläche. Prüfen Sie den Lieferumfang auf Vollständigkeit. Spätere Reklamationen können nicht akzeptiert werden. Achten Sie dabei darauf, den Boden nicht zu verkratzen.

4 Aufbau

Alle Teile sind maschinell aufeinander abgestimmt und so konzipiert, dass alle perfekt zueinander passen.

Damit alle Teile im Zusammenbau zueinander passen, ist es sehr wichtig, dass Sie die Schrauben des Alu-Gerüsts erst dann fest anziehen, wenn Sie zum Schluss die Hohlkammerstegplatten fertig montiert haben. Vorher im Zusammenbau des Gerüsts bitte alle Schrauben nur lose anziehen.

Die Löcher der Alu-Profile sind deshalb oval, damit alle Teile des Alu-Gerüsts von Ihnen zum Schluss, wenn Sie alle Hohlkammerplatten eingebaut haben, noch wenn notwendig zueinander verschoben/angepasst werden können. Erst dann bitte alle Schrauben fest anziehen!

Aufgrund der Größe des Produkts empfehlen wir, dass es dort montiert wird, wo es auch später genutzt werden soll.

Bauen Sie das Produkt mit mindestens 2 Personen auf, um Schäden zu vermeiden.

Stellen Sie sicher, dass Sie die richtigen Werkzeuge griffbereit haben und dass Sie viel Platz sowie einem sauberen, trockenen Ort für die Montage haben.

Halten Sie beim Aufbau kleine Kinder fern. Achtung Verletzungsgefahr!

Wenn nötig nutzen Sie bitte eine geeignete Leiter.

Nehmen Sie sich ausreichend Zeit für den Aufbau und unterbrechen Sie ihn nicht wenn Sie angefangen haben. Ein unvollständig aufgebautes Gewächshaus könnte witterungsbedingt beschädigt oder zerstört werden.

Bitte folgen Sie sorgfältig sämtlichen Aufbauschritten (Bitte beachten Sie, dass die nachfolgenden Abbildungen nicht maßstabsgetreu sind).

21A		603	5X
14			178
17			62

4.11.2 Montage

Die Hohlkammerplatten haben einen beidseitig UV-Schutz! (Dies gilt im Übrigen für alle Hohlkammerplatten im Gegensatz zu Glas).

Dies bedeutet, dass es diesbezüglich keinen Unterschied macht, auf welcher Seite Sie die Platte einbauen. Ziehen Sie vor dem Einbau die jeweilige Folie ab.

Bei diesem Schritt sollten Sie sich eine Leiter zur Hilfe nehmen.

*Befestigen Sie die **Hohlkammerplatten** mit **Klammern 14** und **17***

***Befestigung der Hohlkammerplatten mit Klammern 14**:*

1. *Legen Sie die beiden Enden des Clips in die Rille des Rahmens.*
2. *Legen Sie den mittleren Abschnitt des Clips gegen die Hohlkammerplatte.*

Zwei Kanten des Clips liegen unter dem Rand der Hohlkammerplatte und die Mittelkante hält die Platte an Ort und Stelle.
